This **Lindale, Texas-based company** provides **web-based business management software**. Integrated modules enable management of **prospect and customer lists, quotes & contracts, purchasing, receiving and inventory management**, as well as **advanced job costing**. In addition, their **integrated scheduler** enable management of **crews and work orders** on their **shared web-based calendar**. The company's **B2B Software** is integrated with **Quickbooks**. Their **real-time 2-way Quickbooks sync** runs automatically in the background and has the ability to sync **customers, customer jobs, contracts, payments, PO's, work orders (as labor PO's), Use Tax (as a vendor bill), invoices, journal entries** for receiving inventory and the **delivery/installation of material, and more between Kashmoo.com and Quickbooks**. Since its software is **web-based, no server** is required. It is **both multi user and multi location by design, includes automatic daily backups, and technical support** is included in the **monthly usage fee**. Find out why their customers say that: **'Everything runs smoother with Kashmoo'**. Visit their **website**.
