This **Pei Tun, Tai Chung-based supplier** (Taiwan) *offers speciatly items to quality-sensitive markets. Incorporated in 1989, U-Port Industrial is a comprehensive enterprise; primarily engaged in the manufacture and sale of automotive repair tools. Their product range includes power tools, pneumatic tools and hand tools; including pry bars and pull bars. For many years, they have supplied to manufacturers and distributors in the quality-sensitive markets of Western Europe and Japan. Offering over 1,000 items to choose from, they strive to provide one of the most comprehensive product ranges in the industry. Their current selection includes over 1,000 items and they add 60 new models each year. Their latest products cover hydraulic hand-press tool kits, color-coded pneumatic wrench kits, and PVC-coated sockets which prevent bolt stripping. OEM, small and mixed orders are welcome. Prominent companies in Japan come to their experienced R&D team to fulfill their OEM tool needs. They welcome small-volume buyers and take on orders worth at least \$5,000. They handle mixed-order requests as well. For their customer's convenience, samples are delivered in just seven days. Contact them today to get your order started.*
