## Effective Glued Material Removal

This set incorporates our new Scraping Fulcrum which boosts the productivity on removing glued down material like hardwood flooring, underlayment, tile, and linolium. This 48" scraping bar removes the prying motion and lowers the angle of operation. This allows user to hit the glued down material with much more force and at a more effective angle with just the edge of the blade. It also can make our ultimate flooring bar. Which is a very effective bar for non glued down flooring materials
