Patcraft's EcoSystem

Patcraft recently launched its very first PVC-free resilient style, EcoSystem™ with an assortment of soothing, organic designs and a no-polish finish.

Kelly Stewart, Patcraft's Hard Surface Designer, remarked that *"by printing with strings that were dipped in watercolor paints, we created intricate designs which inspired the abstract visual of the Meaning tile within the collection,"* adding that *"the artistic result produced visuals with soft and calming patterns that help evoke a sense of comfort and coordinate effortlessly with the visuals of Enrich plank and sheet."*
