Rug Care

Love rugs? Don't we all! They're so comfortable. Whether you're looking to cover a surface with a larger or a smaller rug, in a home or office, rug care is essential. The following are a few suggestions about how to keep your rug looking newer.

Vacuum

Dirt, dust and debris are likely to build in a rug. Get in the habit of cleaning your rug routinely, Pick a day of week that fits your cleaning schedule. When doing so, remember to vacuum the dirt swept under the rug.

Clean

Unsightly stains. Tend to them immediately. Don't let them set in. Clean the stain out of the rug gently with a soft rag, ideally one without colors that could further stain your rug.

Remove footwear

Wipe your feet clean, even remove footwear to extend the life of your rug. Encourage friends and family to do the same, as this is a great way to reduce the trace amounts of dirt, dust and debris that find its way to your rug.
