Rescued sheep sheared of overgrown fleece

A wild sheep named Baarack suffered under the weight of an overgrown fleece that was overdue for a good shearing.

Baarack was eventually rescued and relieved of the fleece that weighed in at almost half the weight of an adult kangaroo. Baarack's rescuers found the sheep wandering in a forest. They believe at some point, in the past, that he had an owner.

Relieved of his fleece, Baarack is settling in with the other rescued sheep in a farm sanctuary somewhere in [Lancefield](#), 43 miles north of Melbourne in the Shire of Macedon local government area of Victoria (Australia).
